Dear Parents or Guardians:

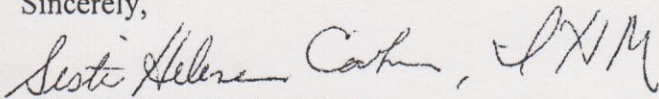

As you may already know, our school receives support services for our children through a state-funded program entitled Act 89. These services are provided through Elwyn's Nonpublic School Program. Elwyn has been serving Archdiocesan and private schools for over thirty years providing counseling and guidance, speech, vision, psychological, and educational services to children throughout the Philadelphia area.

Elwyn will once again be working with us this year to ensure that we are meeting the needs of all our children. Elwyn staff assist our faculty with educational screenings, class-wide or small group guidance (for example, Anger Management, Getting Along With Others, Study Skills), as well as small group instruction that provides additional support in Math, Reading and Speech. In addition, Elwyn staff members are available to provide small group and individual counseling, and psychoeducational consultations and evaluations that identify specific strengths and weaknesses, and assist our teachers with appropriate instructional planning.

The attached permission form gives your consent for your child to receive these services if needed. If your child is referred for small group instruction, individual services, or an evaluation, you will be contacted by the school, and kept informed on a regular basis regarding the service(s).

Please sign the attached form and return it to your child's teacher tomorrow. Having access to these support services will ensure that we are providing your child with every possible opportunity to learn and to grow.

Sincerely,

Sister Helene Cooke, IHM
Principal of SFC
