St. Frances Cabrini Family Update

February 15, 2019

Dear Parents and Families,

It was great seeing so many of you at conferences last week! If you were not able to make conferences please reach out to your child's teacher to schedule a meeting. Congratulations to all of our CYO basketball teams for a great season! We have some days off, school events, and fundraisers coming up so be sure to read the whole update. This update's Eureka challenge is for 6th grade! First person to email or text Ms. P a picture of their answer gets a prize.

Reminders/Updates

- With the weather being so unpredictable this winter, please be checking emails, LiveSchool, and Dojo for updates on closings, delays, and early dismissals. We try to make the call as soon as we possibly can.
- On 2/1 we had a dress down to raise money for Philabundance. **Students raised over \$200 for the emergency market.** Thank you to everyone who participated or donated canned goods for our Catholic Schools Week Drive.
- Please **continue to check Live School and Class Dojo regularly so you can track your student's Merits and Demerits.**
- Our **Black History Show will be 2/27 at 6:30 pm.** Students need to arrive at school by **6 pm.** In order to make sure we have room for all families, **every student will receive two tickets. You must have a ticket in order to come. Cafeteria doors will open at 6pm.**
- Re-enrollment and Financial Aid **applications are due April 15, 2019.** Applications can be completed on TADS.

Our Mission

“To know, love and live the life of Christ, by providing a value centered education based on the philosophy of Mother Cabrini.”

Upcoming Events

No School

- Monday, 2/18 (Presidents' Day)
- Friday 3/1 (IMS Professional Development)

Special Lunch

- Thursday, 2/28

Black History Show

- Wednesday, 2/27 at 6:30 pm

7th Grade HS visitation Day

- Wednesday, 3/20

Eureka Challenge: 6th grade

Please use the Read, Draw, write, strategy to solve the problem. (Read the problem, Draw and label, write the equation, write a word sentence.)

John has $4\frac{1}{2}$ walls left to paint in order for all the bedrooms in her house to have the same color paint. However, she has used almost all of her paint and only has $\frac{5}{6}$ of a gallon left. How much paint can she use on each wall in order to have enough to paint the remaining walls?

If you have any questions or concerns please don't hesitate to call us at 215-748-2994.

Have a Heart and Do What's Smart,

Ms. Pickhaver
Principal

Mr. Whittle
Assistant Principal
